Helping you beat the credit crunch blues

Local travel businesses have teamed up to help Gravesham's residents beat the credit crunch blues.

The Manor Hotel, Co-op Travel and Jewels Tours are among the traders who have confirmed their attendance at the annual British Tourism Fair on Tuesday 24 and Wednesday 25 March, at Towncentric between 9.30am and 4.30pm.

The fair, which is aimed at both residents and visitors to the town, will give people the opportunity to find out what kind of holidays, short breaks and offers are available in the UK.

The Tourism Fair will show people Britain has a lot to offer and holidays in the country are an affordable alternative to travelling abroad.

The fair is one of a series of events happening up and down the country as part of the third annual British Tourism Week, set up to raise awareness of the size and value of Britain's £86 billion visitor economy.

Visitors can seek advice and expect to see displays and offers from local travel companies during the two day event.

For more information visit www.britishtourismweek.com, contact Towncentric on 01474 33 76 00 or pop in and see them at St George's Square, Gravesend.
